Body

How to assemble

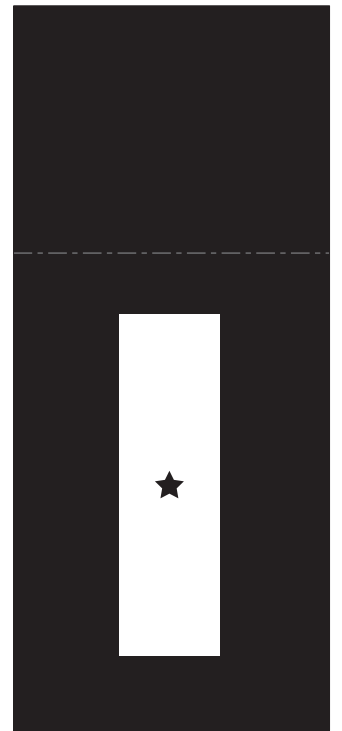

1. Download and print the data.
2. Cut out the shapes using scissors or a utility knife.
3. Fold carefully along the dotted/dashed lines.
4. Tape or glue the tabs together.
5. Finally, finish by attaching the can.

- Be sufficiently careful when using scissors or a utility knife.

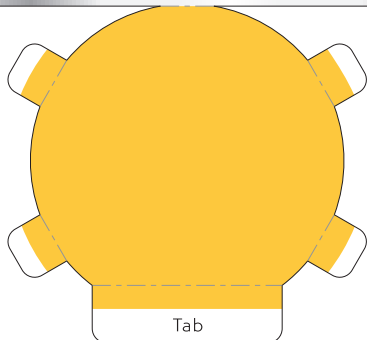

Tray

\*Fold with line on the inside ▶

Connect the tabs with the ★ symbol.
